

Embrace Hope Foundation Inc

Student Wellness

The Governing Board believes that good health fosters student achievement and student attendance. Thus, the Governing Board is committed to providing a school environment that promotes and protects children's health, well-being, and ability to learn. This environment will be achieved by teaching, supporting and modeling healthy eating habits and lifestyles, physical activity and physical education, and school safety. The Governing Board recognizes that the learning environment can influence the way in which children develop life-long eating, physical activity, and healthy lifestyle habits. The Governing Board further recognizes that children need access to healthful foods, opportunities to be physically active, and supported in a nurturing learning community in order to grow, learn, and thrive.

Wellness Policy Development

The Governing Board believes that the participation of the community, school food service professionals, school administrators, physical education and health educators, staff, and students is essential.

Wellness Policy Goals

The overall goal of the Wellness Policy is to encourage a healthy lifestyle and to discourage behaviors that can harm students' well-being. The Board shall adopt goals for nutrition education, physical activity, and other school-based activities that are designed to promote student wellness.

Nutrition and Nutrition Education The Board believes that food and beverages available to students should support the health curriculum promote optimal health. To the maximum extent practicable, Embrace Hope Foundation Inc. will participate in available federal meal programs and will meet the federal regulations for school meals and the Smart Snacks in School Nutrition standards.

1. The Board believes that food and beverages available to students should support the health curriculum and promote optimal health.
2. All food and beverages sold individually outside the reimbursable school meal programs (including those sold through a la carte [snack] lines, vending machines, student stores, or fundraising activities) during the school day, or through programs for students after the school day, Nutrition Standards for competitive food as defined and require in 7 CFR 210.11
3. Students will understand how food reaches the table and the implications that has for their health and future. Staff and school food service in partnership with community organizations will integrate hands-on experiences at least once per month.

- Farmer's market tours and visits to community gardens integrating core curriculum whenever possible.
 - Use of school gardens and cafeteria as a learning lab, harvesting vegetables from the school garden and incorporating them into school meals/snacks whenever possible.
 - Hosting farmers in the classroom and cafeteria for interactive discussions and presentations
4. The staff responsible for nutrition education will be adequately prepared and participate regularly in professional development activities to effectively deliver an accurate nutrition education program as planned. Preparation and professional development activities will provide basic knowledge of nutrition combined with skill practice in program-specific activities and instructional techniques and strategies designed to promote healthy eating habits.
 5. Nutrition education will be provided through health education programs in grade spans K-8.

Nutrition Promotion

Nutrition promotion can positively influence lifelong eating behaviors by creating food environments that encourage healthy choices and encourage participation in the school meal programs.

- At a minimum, utilize Smarter Lunchroom tools and strategies to promote and reinforce healthy eating in the school environment, ensuring that messages are clear and consistent.
- Increase the number of on campus locations that students can access useful nutrition information by 10-15%.
- Increase student awareness of useful nutrition information from brochures, worksheets, handouts and digital content by 20-25%.
- Increase the variety of opportunities that allow parents to engage in support of school wellness initiatives by 20-25%.
- Discover effective ways to communicate school wellness messages and identify healthy eating and active living messages that resonate with parents. Examples may include presentations, newsletters, social media posts, and printed materials which highlight a wellness topic of interest
- Organizations operating concessions at school functions will promote healthy food choices by introducing several healthier items at a lower profit margin to encourage student selection.
- Nutrition education messages from the classroom will be modeled in the cafeteria and across campus by offering locally-grown food whenever possible within the school meals programs as well as in a la carte sales, including vending machines.
- School food service, in partnership with other school departments and community organizations, will work to creatively market and promote locally-produced food to students, through activities such as:
 - Featuring food grown in the school garden in the cafeteria, through sampling and inclusion in school meals based upon availability and acceptability.
 - Developing cafeteria themes relating to local farmers and products grown in the region.

- Developing creative campus fundraisers based on healthy food items, integrating farm-grown produce where appropriate.

Other School-Based Activities

Embrace Hope Foundation Inc. will integrate wellness activities across the entire school setting. These initiatives will include nutrition, physical activity and other wellness components so that all efforts work towards the same set of goals and objectives used to promote student well-being, optimal development and strong educational outcomes.

- Embrace Hope Foundation Inc. shall consider the components of the Centers for Disease Control's Whole School, Whole Community, Whole Child (WSCC) model in establishing other school based activities that promote wellness.
- The goals outlined by the wellness policy will be considered in planning all school based activities (such as school events, field trips, dances and assemblies).
- Afterschool programs will encourage healthy snacking and physical activity.
- Embrace Hope Foundation Inc. shall actively develop and support the engagement of students, families and staff in community health-enhancing activities and events at the school or throughout the community

15. The school will only be allowed to market and advertise those foods and beverages that meet or exceed USDA's Smart Snacks in School Nutrition Standards.

Physical Activity and Physical Education - All students in grades K-8 will have opportunities, support, and encouragement to be physically active on a regular basis. Opportunities for moderate to vigorous physical activity shall be provided through physical education, recess, school athletic programs, extracurricular programs and other activities.

1. Classroom health education will complement physical education by reinforcing the knowledge and self-management skills needed to maintain a physically active lifestyle and to reduce time spent on sedentary activities, such as watching television.
2. Opportunities for physical activity will be encouraged to be incorporated into other subject lessons.
3. All students will have at least twenty minutes a day of supervised recess, preferably outdoors, during which they will be encouraged to participate in moderate to vigorous physical activity.
4. Teachers and other school and community personnel will not withhold opportunities for physical activity as punishment.

Positive and Safe School Environment

The Embrace Hope Foundation Inc. Governing Board desires a learning community that welcomes, supports, and encourages its members to lead healthy, successful lives. The Governing Board recognizes that it is not always practicable or possible to have nurses, psychologists, and counselors on site to address mental health issues. However, it is the school's goal to identify and access resources that are responsive to its members' needs.

1. Embrace Hope Foundation Inc. has established rules and procedures concerning safety for students and will communicate these to students on a regular basis and to parents in the quarterly newsletter.
2. Appropriate school personnel will be trained on emergency response procedures, basic first aid and CPR, and on administering medications that students are required to take during school hours.
3. School personnel will monitor and maintain equipment used for physical activities.
4. School personnel will monitor weather and air quality and use this data to make decisions about student participation in outdoor physical activities.

5. The school will maintain a Comprehensive School Safety Plan that will address multiple aspects of student safety and a safe school environment.

Staff Wellness

Embrace Hope Foundation Inc. values the health and well being of every staff member and encourages all staff to maintain a healthy lifestyle. Embrace Hope Foundation Inc. encourages all staff members to model a healthy lifestyle for its students.

Communication with Parents

Embrace Hope Foundation Inc. will support parents' efforts to provide a healthy diet and daily physical activity for their children. Embrace Hope Foundation Inc. will support parents' efforts by sending home nutrition information, posting nutrition tips on websites and in bulletins, and providing nutrient analyses of school menus. Embrace Hope Foundation Inc. will encourage parents to pack healthy lunches and snacks and to refrain from including beverages and foods that do not meet the nutrition standards for individual foods and beverages. The school will provide all parents with a complete copy of the LSWP at the beginning of the school year and make the policy available to the public by posting it on the school's website.

Embrace Hope Foundation Inc. will provide information about physical education and other school-based physical activity opportunities before, during, and after the school day; and support parents' efforts to provide their children with opportunities to be physically active outside of school. It will include sharing information about physical activity and physical education through a website, newsletter, or other take-home materials and special events.

Policy for Food and Beverage Marketing

School-based marketing will be consistent with policies for nutrition education and health promotion. As such, the following guidelines apply

- Schools will only be allowed to market and advertise those foods and beverages that meet or exceed USDA's Smart Snacks in School nutrition standards.
- Marketing activities that promote healthful behaviors are encouraged. Examples may include: vending machine covers promoting water, pricing structures that promote healthy options in a la carte lines or vending machines, sales of fruit for fundraisers and coupons for discounted gym memberships.
- Embrace Hope Foundation Inc. nutrition department's replacement and purchasing decisions will reflect the marketing guidelines mentioned above.

Evaluation and Measurement of the Implementation of the Wellness Policy

Embrace Hope Foundation Inc. wellness committee will update and make modifications to the wellness policy based on the results of the annual review and triennial assessments and/or as local priorities change, community needs change, wellness goals are met, new health information and technology emerges and new federal or state guidance or standards are issued. The wellness policy will be assessed as indicated at least every three years following the triennial assessment

Policy Review and Accountability

The Governing Board Chair will ensure compliance with established school-wide nutrition and physical activity wellness policies.

The Governing Board Chair and the wellness policy committee members will annually evaluate the extent to which the school is in compliance with the wellness policy, how the wellness policy compares to model policies and the progress made in attaining the goals of the wellness policy. All stakeholders will be asked to provide feedback on the policy and their comments and recommendations will be considered. Student needs will also be considered in planning for a healthy nutrition environment. Students will be asked for input and feedback through the use of surveys and attention will be given to their comments.

School food service staff will ensure compliance with nutrition policies within the school food service program and will report on this matter to the superintendent.

To ensure that nutrition goals are addressed and healthy nutrition is encouraged the following data will be reviewed:

- Analysis of the nutritional content of meals served
- Student participation in school meal program
- Snack and beverage sales outside of meal program
- Food sales as fundraisers or activities outside of school meal program
- The school principal and local school staff shall have the responsibility to comply with federal and state regulations as they relate to Embrace Hope Foundation Inc. wellness policy.
- At Embrace Hope Foundation Inc., the principal will be responsible for establishing the Healthy School Team that will ensure compliance with the wellness policy.
- The Healthy School Team will include, but not be limited to, the following stakeholders: parents, students, school food service program representatives, school administrators, school health professionals, physical education teachers and the public.
- The Healthy School Team will be responsible for:
 - Ensuring compliance with federal and state regulations for competitive food and beverage items sold on the school campus (7 CFR 210.11 and FAC 5P1.003),
 - Maintaining a school calendar identifying the dates when exempted competitive food fundraisers will occur in accordance with the frequency

specified in paragraph © of FAC 5P-1.003,

- Reporting its school's compliance of the aforementioned regulations to the Principal, the person responsible for ensuring overall compliance with the Embrace Hope Foundation Inc. wellness policy.
- Embrace Hope Foundation Inc. will review and consider evidence-based strategies and techniques in establishing goals for nutrition promotion and education, physical activity and other school based activities that promote student wellness to include, at a minimum, a review of Smarter Lunchroom tools and techniques.
